David and Alisha

I just received an inquiry from Lorraine McCarthy 215-248-6337 of BNA asking for comment about the Food and Water Watch petition to EPA to reopen the investigation in Dimock.

She also asked for comment regarding the “report from Region 3 OSC which differed from the Dimock reports from EPA headquarters”

She said that her deadline was 5 p.m. ( I know) Her email is [lmccarthy@BNA.com](mailto:lmccarthy@BNA.com)

Let me know if you need any assistance from this end.

Thanks,

David
